## 125 (Vinyl Coated Cloth Tape)

**Description:** 125 is a high quality, waterproof, vinyl coated cloth tape, single coated with a natural rubber based adhesive.

**Product Features:**

- High tack
- High tensile strength
- Easy unwind

### Nominal Values

Total Thickness: 11 mils (.279mm)

Adhesive Thickness: 3.75 mils (.095mm)

Adhesion Type: Rubber

**Adhesive Test Data**

|   | Oz. / Inch | (N/25mm)         |
|---|------------|------------------|
| Peel Adhesion (PSTC 1 Mod.)<br>Initial to S.S. (20 min. @RT)<br>7.7                 |            | 28               |
| Backing Adhesion (PSTC 1 Mod.)<br>Initial to Backing Substrate (20min. @ RT)<br>3.8 |            | 14               |
| Tensile Strength (ASTM D-1000)<br>N/25mm)   |            | 48 lbs./in. (210 |

**Application to Surface:**

Unwind adhesive film or tape and apply the adhesive side to the mounting surface. Apply firm pressure. Recommended application temperature to achieve best results is 65°F (18°C) or above.

**Note:** When applying pressure sensitive adhesive films to any surface, be sure that the surface is free from oil or other surface contaminants such as powder, dust or release agents. Adhesive performance should be carefully checked when used on substrates containing plasticizers.

**Note:** Shelf life is one year from date of shipment, when stored in a cool dry place below 76°F (24°C). Rolls should be stored on end.
