

*"If you can imagine it, Nadco will make it stick."*

**PF14**  
**(Paper Identification Tape)**

**Description:** A medium tensile strength, pressure-sensitive, kraft flatback, paper packaging and identification tape designed for light-weight packaging, bag locking, decorative edging, marking and color coding. Specially formulated adhesive provides for easier unwind while exhibiting an excellent balance of face to face adhesion and quick stick characteristics. Printable with with standard flexographic ink.

**Applications:** Primarily used for vapor sealing fiberglass ductboard and sheet metal ducts; can also be used on FSK systems.

**Nominal Values**

Backing:	Kraft Flatback
Adhesive:	Synthetic rubber/Resin
Adhesion to Steel (oz/in of width):	51
Quick Stick (oz/in of width):	
To Kraft	7
To Steel	23
Tensile Strength (lbs/in of width):	29
Elongation (% at break):	3.0
Thickness:	6.1
Colors:	Yellow, White, Blue, Red, Orange, Pink, and Lt. Green

Temperature resistant operating range of 55°F to 160°F.
